

## **WVU vs. Concord Women's Basketball Quotes – November 1, 2016**

### ***Head Coach Mike Carey***

#### **Opening Statement**

Great crowd, great atmosphere. I want to thank the administration at (Robert C.) Byrd (High School), Harrison County administration, and the superintendent for allowing us to play this game. It was a great experience for our players and great experience for us. It was ran very well, everything was very organized. They did a great job, so I want to thank them.

#### **On teams ball movement**

At times we moved the ball; that was good to see. We had 22 assists that was good to see, in these type of games it's easy to just go one-on-one so I was glad to see 22 assists.

#### **On Concord making shots**

Concord, they hit some shots. It is tough, give them credit, (Concord head coach) Kenny (Osborne) does a great job at Concord and is a good friend of mine, and we really appreciate him coming.

#### **On Redshirt Freshman Marlena Schmidt**

I'll be honest with you I thought Marlena Schmidt came in and did some good things for her first game. I really did. She has come a long way since the year she was redshirted last year. I thought she did a god job coming in. She gives us size.
