

West Virginia head coach Bob Huggins

On the scrimmage

That's the third time we've pressed. We just started doing it. We made a lot of mistakes. With about three days in, you're going to make a lot of mistakes.

On making a lot of mistakes

I don't know if we made too many early. We couldn't catch, I know that. We just couldn't catch.

On the second half

The kids were under pressure. Jevon (Carter) made a lot of big plays for us. He chased a lot of guys from behind. When that happens, you're not looking to score as much or make big plays because you're focused on ball security. Gary (Browne) was good. Jaysean (Paige) made some big plays for us. We didn't run a good offense.

On Jaysean Paige

He shot the ball better from the three than I thought he could. His numbers were better, if you can rely on those numbers. His athleticism is what made us look at him in the first place.

On Dexter Miles Jr.

That's the worst he's been. He's played much, much better than that. He didn't shoot it as well as he's been shooting it. He wasn't as active as what he's been. He's got great athleticism as well. It doesn't do you good to have athleticism if you don't use it. He's made plays in practice that he's capable of making. On a good day, he deserves to start. That's if we feel like he is doing what he needs to be doing on the court.

On the rotation

I could see 13 going in. Tarik (Phillip) did well. I forgot about him. Those guys think it's cool sitting down there on the bench, but they'll figure it out. I don't look that far down.
